

# CAMERON UNIVERSITY - DUNCAN

3100 W. Bois D'Arc • 1-877-282-3626 • [www.cameron.edu/duncan](http://www.cameron.edu/duncan)

Cameron University-Duncan, a branch of Cameron University in Lawton, provides a top quality education close to home for those in Stephens County and surrounding areas. Enrollment at CU-Duncan continues to grow, with approximately 1,400 students enrolled each year.

Several associate, bachelor's and master's degree programs may be completed exclusively on the Duncan campus. The campus also offers many classes for additional degree programs that can be completed at the Cameron University main campus in Lawton.

The diverse student body at CU-Duncan includes first-time college students of all ages, adults returning to college for further education, and high school juniors and seniors who qualify for college while completing their secondary education.

In addition, Cameron University guarantees the quality of its bachelor's degrees. The "Cameron University Guarantee" is the only program of its kind offered by a public university in Oklahoma and one of the few in the nation. The Guarantee is possible because of the proven quality and demonstrated commitment of Cameron's faculty and staff.

## CU-Duncan Offers:

- Complete degree programs on-site.
- Academic and financial assistance advisement.
- Opportunities for concurrently enrolled high school students, including up to six credit hours free tuition for qualifying Oklahoma high school seniors and advisement on course selection and transition to college.
- Special events including concerts, plays, lectures, and workshops both on-campus and at the Simmons Center that are open to the public throughout the year.
- More than 120 classes offered during the fall and spring semesters.
- A testing center for online students as well as monthly on-site administration of the residual ACT.
- Bookstore services with option to purchase or rent textbooks.
- A tutoring lab, where students find assistance to learn more actively, more effectively and more confidently, leading to academic success. Tutoring services are provided in math and English.
